TENANT SIGNAGE

Using the examples of signage below, fill in the blank sample form as you would like your signage to appear. Note the specifications. Where spacing does not allow full names, make sure you put in the abbreviation. The building will provide one (1) text panel suite sign per the Tenant lease. Any remakes thereafter will be at the cost of the Tenant. If a logo panel suite sign is required, the additional cost will be at the Tenant's expense (costs can vary depending on the detail of the logo).
